Traditional Medicare Patients

MacGregor Family Physicians, PA (MACFP) is a non-participating Medicare provider and does not accept assignment from Medicare. If you are on traditional Medicare we will collect the Medicare allowed amount at the time of service. We will electronically file the claim to Medicare on your behalf. We do not accept assignment from Medicare, which means if there are funds to be reimbursed for your visit, they will come directly to you, instead of our office. Our office policy is that you are required to pay the Medicare allowed amount at the time of service. Medicare will reimburse you at 80% once your deductible is met. Therefore, you need to pay the allowed amount in full at the time of your visit.

Medicare Advantage Plans

MACFP does not accept assignment for Medicare Advantage Plans. This means you will pay the Medicare allowed amounts for all services at the time of your visit. We will file the claim to your Advantage plan on your behalf. We do not accept assignment from Medicare Advantage Plans, which means if there are funds to be reimbursed for your visit, they will come directly to you, instead of our office.

Fees/Allowed Amounts

Every Medicare patient who is seen in our office is charged by the Medicare Fee Schedule. This fee schedule is generated by Medicare. When your visit is completed, you will be asked to pay the Medicare allowed amount for the services you received. Any lab work performed will be billed directly to Medicare by Quest Diagnostics.

Routine Physical

Medicare covers what is called a Medicare Wellness Exam which is a very limited discussion with the provider. We **DO NOT** perform Medicare Wellness Exams in our office. The exam our providers feel is important to your health is the Complete Physical Exam, which is a head to toe exam. This is the exam our providers perform and it is **NOT** covered by Medicare. The Complete Physical Exam fee is $350 that is due at the time of service.

Secondary Insurance Billing

If you have a secondary/supplemental insurance, please inform Medicare and they will electronically forward your claim. It is your responsibility to contact Medicare with your secondary/supplemental insurance information. MACFP does not bill secondary/supplemental insurance companies.
